

Dear FCC members, It has come to my attention you are considering giving LPFM service priority over existing FM stations. K-Love, a station I listen to almost every day will be directly affected by this. I hope you will consider not doing that. K-Love is a station my family and I can listen to together. They play music that is not only uplifting but music that does not contain profanity or expose my six young children (Ages 10 to 18 months) to subjects they do not need to be exposed to. This station offers a clean alternative to other radio stations not only for me but for my community and many other communities nationwide. While we are worried about what is influencing all of our children we should be protecting media outlets that are providing positive influences to our communities. Please protect K-Love and not give LPFM priority over it. Thank you, Ms. Theresa Cardinal
